Summer term 2026

Exercises 11

Databases, SQL:

(a) Change the query from the library example in the script so that in addition to the overdue book, the result also contains the name of the person who has borrowed the book.

(b) Write a query which determines all books which have to be given back in the next two weeks.

(Assume that from addition of a date and a number, a date results which lies the given number of days after the given date.)
